- Asian food
- Fruits salads
- Icecream

>>>>>>>>>>>>>>> Serve: 54°F - 12°C <<<<<<<<<<<<<<<<<

My three grape varieties are vinified in separate tanks. The maceration process, with skins, lasts for 10 to 12 days, and during the fermentation process pumpovers and punchdowns are performed daily. Maturation takes place in used large and medium barrels for 4 months. Afterwards the wines are subtly blended and prepared for bottling.

IGT Verona (PGI)

Alcohol: 12.0%
Total acidity: 3.3 g/L
Residual sugar: 24.0 g/L
