Place of birth Tierra de Castilla

# MY ROOTS

The region of Manzanares is known for growing exceptional white wine grapes due to its diverse soils and ideal climate. The vineyards here are carefully tended to ensure that the grapes reach their full potential. To further enhance the aromas and flavors of these wines, the grapes are fermented and kept at very low temperatures during the production process. This controlled environment allows for a slow and steady fermentation, preserving the delicate aromas and flavors.

#### APPELLATION

White blend - Vino d'España

### MY ANALYSIS

Alcohol: 11.5% Total acidity: *soon available* Residual sugar: 1.0g/L

Organic wine

Label is made from FSC® paper

The glass bottle is thiner to be lighter
